

Feedback Process at VESIM

The Institute believes in understanding the needs of stakeholders in order to improve & serve them better.

With this philosophy in mind, the following most important stakeholders are involved in giving regular feedback to the institute:

1. Students
2. Parents
3. Employers

Feedback from the parents is collected once a year through structured questionnaire. The responses are entered in an Excel sheet & the data collected & interpreted for management decision making.

Parents give their feedback on the following criteria.

1. Admission Process
2. Relevance of Subjects
3. Discipline
4. General environment
5. Soft Skills

Vivekanand Education Society's Institute of Management

Studies & Research

("A" Grade awarded by DTE Govt. of Maharashtra, Affiliated to University of Mumbai & Approved by AICTE)

Students give their feedback on 4 different parameters across via

1. Faculty Performance (twice a year)
2. Course Content (twice a year)
3. Pedagogy (twice a year)
4. Outcomes (End of the program)
5. Infrastructure (End of the Program)

Feedback is taken via structured questionnaire & responses are entered in an excel sheet for data interpretation.

Feedback from the employers (recruiters) is taken by the placement department six months after the student has completed the program & joined that company. Placement personnel visits these employers & get responses on a structured questionnaire. The employer evaluates the student on 2 broad category: knowledge & skill acquired by the student (ex) & their future prospects in the organization.
