Book Review: The 99 Day Diversity Challenge

Bhavna Raina and Kavita Kanbar

Written by Saundarya Rajesh

Paperback: 328 pages

Publisher: SAGE Publications Pvt. Ltd; First edition (January 17, 2019)

Language: English

ISBN-10: 9352808312

ISBN-13: 978-9352808311

Topic: Psychology, Management, Business, Strategy

Summary in Brief:

"I think each person if you are a CEO, the most important thing is to have - to me, is to pick people around you that aren't like you, that complement you. Because you want to build a puzzle; you do not want to stack Chiclets up and have everyone be the same. Thus, I believe in diversity with a capital D"- Tim Cook (Apple- CEO).

One of India's most eminent diversity and inclusion champion and social entrepreneur, Dr. Saundarya Rajesh, has made it now possible for an individual as well as an organization to cultivate an imbibing attitude towards diversity and inclusion. Moreover, in just 99 days! As a campaigner for 'second-career' revolution for women she has, through her vast experience, penned down a "user-friendly" guide to help business professionals create an inclusive workplace.

The whole book is divided into ten sections, and these sections are further divided into 99 stories or chapters. Each story for a day! These stories are conversations, anecdotes, experiences encountered by the author through her vast experience in the field of D&I. It is through these myriad narratives that she untangles concepts, meanings and multiple facets related to Diversity and

**Prof. Bhavna Raina and Dr. Kavita Kanabar, Faculties, Vivekanand Institute of Management, Chembur,
bhavna.raina@ves.ac.in and kavita.kanabar@ves.ac.in**

Inclusion, thus making it immensely engaging and very simple to comprehend.

“We cannot change what we are not aware of, and once we are aware, we cannot help but change” -Sheryl Sandberg.

The fundamental belief that this book is trying to portray is that having an inclusive workplace will result in a more connected workforce and thus help us become better people in a better world. To demystify the concepts of Diversity & Inclusion, she has systematically created a ten-course menu to be completed in 99 days. The course takes us through the basics of diversity, dimensions of diversity, importance of gender and generations, how to leverage and manage diversity in organizations, actionable plans for implementing and sustaining diversity at workplace, role of leadership in D&I, elements of D&I planning, how to recognize biases, creating equity at workplace and finally how to create an inclusive culture.

While reading the book, the most exciting feature is that before every section, there is a table of Lexicon related to that section. This ensures that before you even turn to the first story, the reader has a basic understanding of concepts related to that section. In every section, the reader can recognize their biases which is the foundation of creating an inclusive workplace and society. Moreover,

throughout the book, at regular intervals, reader can track their progress through crossword puzzles and word finders. This ensures that all concepts have been learned, understood and absorbed.

As one of the "main" protagonists, Bharat, says in the book "And yet, the purpose of the 99 Day Diversity Challenge is not to tell stories. It is to hide that kernel of practical wisdom which will otherwise be dry and unpalatable. When I was a kid, my mom would give me orange and strawberry flavoured medicine. The idea is not to taste the fruit; it is to get better by absorbing the medicine well hidden."

Written in a comprehensible, light-hearted manner, it sometimes lacks the depth that academicians / practitioners need to comprehend the topic or an issue. Nonetheless, it does pave the way to implement D&I culture in the Indian workplace scenario. Finally, it is the leadership that will carve out the path for change, and it is the leader who has to be the change champion to create an inclusive culture. As said in the book, "The tallest lighthouses cast the longest shadows. Inclusion is something that has to begin at the very top. A future of Inclusion and Diversity has to be driven top-down".

Dr. Pradip Kumar Mitra, Professor, VESIM (+91 90990 73959)

The knowledge and learning B-schoolers acquire from competitions can not only spark innovation but also give tremendous value to their Resumes. HBS celebrated the 100th anniversary of the Case Method in 2021, with the official opening of the first post-pandemic in-person exhibit at the Baker Library. Case Study became the experiential learning approach, which was first developed at Harvard Business School.

The 2021-22 academic year marks the 100-year anniversary of the introduction of the case method at Harvard Business School. A case study is a snapshot of an organization or an industry wrestling with a dilemma, written to serve a set of pedagogical objectives. What distinguishes a pedagogical case study from other writing is that it centers on one or more dilemmas. Rather than take in information passively, a case study invites readers to engage the material in the case to solve the problems presented.

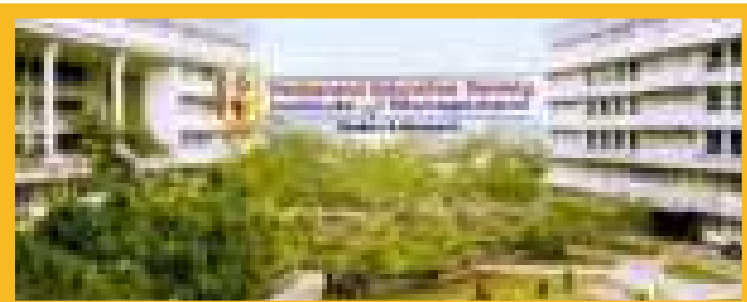

ORGANIZERS

DES's Navinchandra Mehta Institute of Technology and Development (NMITD)

Navinchandra Mehta Institute of Technology and Development, which has an MCA and MMS programme of University of Mumbai. NMITD belongs to Deccan Education Society, Pune, which has been in the field of academics for the last 136 years with over 60 educational Institutions spread across Maharashtra and Andhra Pradesh.

Some of the famous institutions run by DES are Fergusson College, Pune, Willingdon College (Sangli), IMDR (Pune).

Vivekanand Education Society's Institute of Management Studies (VESIM)

Vivekanand Education Society's Institute of Management Studies and Research, is a part of the prestigious Vivekanand Education Society (VES), which was established in 1962. The visionary founder of VES was Shri. Hashu Advani.

The journey that began with just 256 students is today expanded to include 25,000 students who enroll in various courses across 23 educational institutions run by VES. The year 1994 was a milestone year in the history of VES. A new-age business school- Vivekanand Education Society Institute of Management Studies and Research (VESIM) was instituted on 31st march 1994.

and Financial Studies, Dubai, UAE

Resource Persons

Association of Indian Management Schools

AIMS is a professional, non-profit networking body of Indian B-Schools and, with many top institutions as its members, it is one of the largest networking organizations of the world.

Key Benefits of the Programme

- Introduce the Faculty to case based teaching;
- Leverage Teaching Learning effectiveness through Case Study Methods. Faculties can hone their
- case writing skills.

Objective of the Programme

- Learn to develop lesson plans with various case studies.
- Create an engaging and exciting teaching learning session and moderate case study discussions
- Practice Case Study to assess & evaluate students

Target Participant

- Faculty Members from Management and Technology domain; Corporate Trainers

Pedagogy

Online Interactive Lectures, Quiz, Group Discussions and Viewing Videos. Reading Case Studies and Teaching Note. Few Faculty members who volunteer would be mentored for writing and publishing effective case studies.
