I. Introduction:

Being a signatory member of PRME. The Green Campos initiative policy is a conscious effort taken by the college to manage and implement strategies with the aim of developing a clean and green campus. This policy has been framed to foster a culture of self-sustainability and make the entire campus environmental friendly.

II. Policy Statement:

1. Organize Awareness Programs for the students, faculty and society.
2. Pollution due to single use plastic items has become an important environmental challenge confronting all countries. India is committed to take action for mitigation of pollution caused by littered Single Use Plastics. Ensuring complete ban on same
